## **Kistemaker Business Law Group Welcomes Summer Associate and New Interns!**

Ormond Beach, FL - Now in its 12th year, the Kistemaker Business Law Group Summer Internship program welcomes a new class of students! The program is available to prospective law students looking to gain valuable legal experience and greater insight into the practice of real estate, business, condo/HOA, and construction law.

The Firm again welcomes Ormond local Cameron Tocci, who is a Summer Associate this year. He just finished his first year at Stetson Law School having graduated from the University of Florida with a bachelor's degree in Construction Management. Brayden Van der Burgt is a Summer Intern entering his sophomore year at the University of Florida, with a major in Business Administration - and an area of specialization in pre-law. The Ormond local plans to attend law school after undergrad. The Firm's year-round intern is Zavier Kistemaker. He is a rising Junior in the AICE program at Seabreeze High School, where he's also a varsity tennis player and is dual enrolled at University of Florida. He's an Ormond Beach resident who also plays competitive tennis with Trailblazers and volunteers with local organizations such as Provision Packs and a local free clinic.

"We absolutely love welcoming our students. It is a sincere pleasure to help them grow and to mentor them as they navigate the practice areas within the Firm. This experience helps truly prepare them for success and we are grateful for the opportunity to be a part of their bright futures." Erum Kistemaker, Esq., the Firm's Managing Attorney and Shareholder expressed.

In addition to assisting at the Firm, the students may participate in professional development workshops and are provided with opportunities to interact with the local legal community. They also receive an attorney mentor for the duration of the internship. Most of the Firm's interns have gone on to pursue law degrees and are practicing attorneys.
